

CLUB PROFESSIONAL TWO COURSE INFORMATION GUIDE

What is the Club Professional 2 Course?

The Club Professional 2 (*NCCP Context*: *TBD*) course is the third level of the Tennis Canada's "Recreation – Tennis for Life" certification stream, focusing on the <u>LTAD Stage 8 "Tennis for Life".</u>

Who is the course for?

This course is designed to ensure that Club Professionals continue to develop the skills necessary to be a solid, well-rounded club pro working in all areas of club operation (on and off court) as a full time Club Professional, an assistant to the Tennis Director or Head Professional or in the role of a leader at a season facility or community club. This course develops the knowledge required for a comprehensive understanding of the business as it relates to the tennis department, including an introduction to the administrative, financial and budgeting skills to plan, market and deliver a full array of effective on & off court club programming. Additionally, this course develops the skills and attributes required to deliver game based private lessons (up to 4.5 level) and group training in a multi-court environment in conjunction with an Assistant Pro.

What will I learn?

In this course you will continue to develop the dual role of a Club Professional which includes both oncourt and off court knowledge and skills — skills that are imperative to properly service the clientele at your club or camp, or in any other tennis program. Specifically, the course will build on the skills learned in the Club Professional 1 course in better understanding their various roles at the club and how each role contributes to the overall success of the club. These on and off court roles include (a) an administrator (b) an animator (c) a teacher (d) a coach and (e) a driller. You will broaden your understanding and ability to:

Perform the three major on-court jobs of a Pro, which are to provide private lessons, group lessons and the ability to play and demonstrate.

- **Playing/Demonstration Skills**: The ability present a drill and skill (with an Assistant Pro) as you play while maintaining smoothness and consistency.
- **Private Lesson** (Role of a Teacher): The ability to implement a private lesson where the pro can address the tactical intention first and then improve the technique of the student's stroke.
- Group Lesson (Role of a Teacher): The ability to take charge (leadership) of a group on multiple
 courts using an Assistant Pro and to implement a group teaching point with individual feedback
 (teacher).

Perform the major off court responsibilities of a Pro, which includes:

- Understanding the Club Business: a comprehensive understanding of the business as it relates to the tennis department with a focus on the three facets of what makes a club successful: sustained financial viability/profits, member activity/satisfaction and a positive club environment /image.
- **Programming**: a comprehensive understanding of all facets of club programming including: Planning, marketing, budgeting and operating a full array of programs, both on and off the court.
- **Image of Pro**: a comprehensive understanding of the importance of being the key representative of the club and the individual who is most closely associated with the club, it is imperative that the Pro

have an excellent "Image" (displays and espouses exemplary leadership qualities, organizational skills, and customer service knowledge)
