November ————— 2022

The Tennis Professionals Association (TPA) hosted more than 80 participants at IGA Stadium & Sobeys Sadium in Montreal & Toronto on November 29th & 30th, 2022, for the Coaching Doubles Workshops.

The workshop in Montreal was facilitated by the talented Uros Budimac of British Columbia and Conrad Pineau of Quebec. The workshop in Toronto was facilitated by Uros Budimac and Paul Cairns of Ontario. All three facilitators brought the groups through engaging presentations in an effort to deepen their skills in doubles coaching. Each presenter exemplified an exceptional level of knowledge which was shared with the group through various demonstrations.

We look forward to hosting all of our coaches at future workshops the TPA will provide in order for all members to continue their professional development and maintain the Gold Standard that is cultivated in the TPA coach development system.
